DETAILED ACTION

1. This action is in response to Applicant's submission filed 8/12/08, responding to the 5/13/08 Office action which detailed the rejection of claims 1-26. Claims 1 and 12 have been amended, and claims 2-10 and 13-26 have been canceled. Claims 1, 11, and 12 remain pending in the application and have been fully considered by the examiner.

Response to Arguments/Amendments

2. The 8/12/08 filing of an Application Data Sheet appears to satisfy the requirement under 35 U.S.C. 119(b) for a claim for priority (37 C.F.R. 1.76(b) (6)).

3. Applicant's arguments, see pages 7-10, filed 8/12/08, with respect to the 35 U.S.C. § 103(a) rejections of claims 1-26 have been fully considered and are persuasive. The rejections of claims 1-26 have been withdrawn.

Allowable Subject Matter

4. Claims 1, 11, and 12 are allowed.

5. The following is an examiner's statement of reasons for allowance:

As pointed out by Applicants at the bottom of page 10 filed 8/12/08, the cited prior art taken alone or in combination fail to teach, in combination with the other claimed limitations: "a plurality of data transforms, some language based and some visually based, where a language based transform references a visually based transform or vice versa, and converting that plurality of data transforms to a common model format...generating an executable version of the converted transforms to form deployment modules and executing the deployment modules in a

Art Unit: 2192

deployment engine." These limitations are present in the single independent claim 1. The distinctions provided by the independent claims apply equally to all dependent claims. Thus all pending claims 1, 11, and 12 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
